Ukulele Tips: Chords: ****C, Am, F, G, Em7**** — all open and beginner-friendly. Keep tempo slow, around 72 bpm, with a gentle ****down-down-up-up-down-up**** strum.

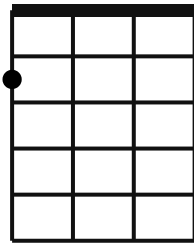

Use your thumb for softer dynamics, or fingerpick 4-3-2-1 to match Cavetown's bedroom tone.

For a dreamy sound, swap ****C → Cmaj7**** or ****Am → Am7**** during the verse. End softly — let the final C ring into silence, like an exhale.
