Ukulele Tips: Chords: **C, G7, F** — the gentlest three-chord combo you'll ever play.

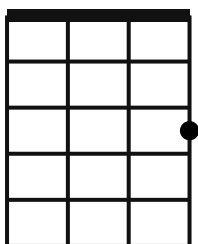

Keep a slow, steady **down-down-down-down** rhythm with your thumb.

Play softly near the neck for a mellow tone, or fingerpick 4-3-2-1 to sound like a gentle lullaby.

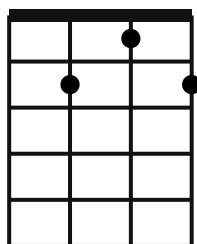

If you want to add a dreamy shimmer, use **Cmaj7** on the last “purr” (lift your index finger off the A string).

This one's not about precision — it's about comfort. Play it slow, breathe, and let it purr to silence.
