Ukulele Tips: Chords: ****C, Am, F, G, Em, Dm**** — simple shapes, but let them ring naturally.

Keep a slow tempo (~70 bpm) and strum softly; use your thumb for gentle downstrokes or fingerpick 4-3-2-1.

Play the intro and first verse with single downstrums — the silence matters as much as the sound.

George Michael's delivery is tender, almost whispered. Stay restrained; every word should sound like it costs something to say.

End quietly on an open C chord and let it fade naturally.
