Ukulele Tips: Chords: ****F, Gm, Bb, C, Am, Dm**** — standard shapes with lovely harmonic motion.

Keep tempo bright at ~168 bpm, but don't rush; stay light and bouncy.

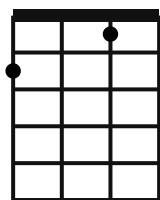

Strumming: ****down-down-up-up-down-up****, accent beats 2 and 4 for that synth-pop drive.

If you're bold, fingerpick the intro riff to mimic the keyboard melody — it works beautifully on uke.

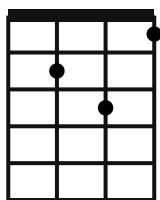

Sing naturally and confidently; don't chase the high note unless it feels comfortable.

End gently on an open ****F****, letting it ring like a neon sigh.
