Ukulele Tips: Chords: ****C, G7, F, D7**** — all open and easy to switch between.

Play with a gentle ****down-down-up**** waltz rhythm; accent the first beat of each bar.

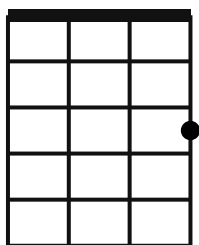

Keep tempo slow and relaxed — it's meant to sway.

Fingerpicking (4-3-2) adds a lullaby feel if you want something softer.

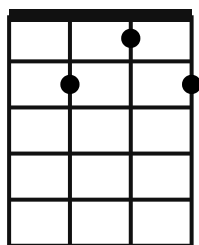

For the German verse, focus on the melody rather than pronunciation — the charm is in the attempt.

Finish with a warm open ****C****, and smile like you just serenaded the whole café.
